PROFESSIONAL SUMMARY

Detail-oriented Localization Project Coordinator with 3+ years managing multi-stakeholder projects end to end, plus prior experience in customer support, content moderation, and team leadership within remote, deadline-driven environments. Skilled in coordinating timelines, briefing and managing vendors, resolving day-to-day client and vendor queries, and identifying potential risks before they affect delivery. Comfortable working independently across time zones, with strong written and verbal English communication. Motivated to bring this coordination and stakeholder-management experience into localization project management for global marketing and content projects.
